**Height:**

**At NAC since: July 2008**

**Donated by:  
Laura Kranzusch**

**Sponsored by:  
Nancy Heigl  
2010 Gold Sponsor**

## **Biography:**

Lukas comes to the NAC by way of Green Bay, Wisconsin. Lukas is short in stature but big in love. All he wants is attention and someone to love on him and he will return the love in his own way. Lukas has spent his last several years as a lesson horse at a facility in Green Bay. Before that he was in Canada with his breeders doing dressage and driving. His animated hip movement will prove to be beneficial to our therapy riders as well as in the Hippotherapy program. Lukas is also the half-brother to Rebekka Dill—one of our other school horses.

Lukas has become a large part of our Hippotherapy program and more so in our sport riding program. His dressage training and the fact that he does love to canter (a gait that our other Fjords do not like) and his very smooth trot make him a solid ride from many of our riders from the smallest to the more advances.
