Park City, Utah – The National Ability Center and Park City Chrysler Jeep Dodge are proud to announce a new half-century bike ride in the Park City area! The First Annual Summit Challenge will hit the pavement on August 30th and will take riders on a scenic tour around the Wasatch Back for some great Labor Day weekend fun.

With views of the Jordanelle Reservoir, Deer Valley and Mt. Timpanogos during the first quarter of the ride and the beautiful backdrop of the Uintah and Wasatch-Cache National Forests throughout the rest, the Summit Challenge is a great way to enjoy a road ride on the back side of the Wasatch Mountains. Switch gears and escape the smog of the Salt Lake Valley by joining us for this unique ride.

Participants will have the chance to meet and ride with some of the handcyclists and other riders from the National Ability Center. You may have seen them on the roads, now you can ride with them and see how skilled they really are!

Check-in will be at 7:30 am, and the rides will start at 8:30 & 9:00 am at the National Ability Center's Bronfman Recreation Center & Ranch and will consist of two routes for riders to choose from. There will be both a 15 mi. and 50 mi. loop. Detailed maps and registration are available by visiting DiscoverNAC.org/summitchallenge.htm.

The cost is only \$50 per person or \$25 for riders 13 and younger. Day-of registration will cost an additional \$5, so register now!

The National Ability Center is committed to the development of lifetime skills for people of all ages and abilities by providing affordable sports and recreational experiences in a nurturing environment. The objective of these experiences is to build self-esteem, confidence and physical development, thereby enhancing active participation in all aspects of community life.
