2010 Mini Platinum Sponsor**

Biography:

Neo is the newest addition to our miniature horse herd. When Neo came to the National Ability Center, he hit the ground running. Neo has been a superstar with our summer camps. He loves to be groomed and is very good at teaching participants how to lead him. Neo also came very well trained to pull a cart which made him a favorite with Stormy and Hercules because now they all share the responsibility of showing our participants the world of cart driving.
