**At NAC since: October 2007**

**Donated by:**  
**Lani Vernon**

**Sponsored by:**  
**The Swain Family**  
**2009 Silver Sponsorship**

## **Biography:**

Dolly is a Quarter Horse that was donated by Lani Vernon in October of 2007. She came to us and went right into lessons after a short trial. Before Dolly came to the National Ability Center she had quite the training background. She has shown in western pleasure, has done ranch work pushing and sorting cows, and has also been a 4H and Level 2 Parelli horse. Along with having a great personality that really helps Dolly take care of her students, she also has a great western jog, which enables some of our students who couldn't normally ride a bouncy trot to comfortably sit her smooth and slow gait.
