**Purchased By:  
Frances Burton Foundation**

**Sponsored By:  
Frances Burton Foundation  
2009 Platinum Sponsorship  
&  
Russell & Patty Wolff Family  
2010 Platinum Sponsorship**

## **Biography:**

The NAC's own movie star, Rebbeka Dill is one of the featured Fjords in the movie, "The Thirteenth Warrior". Being on the movie set provided a solid foundation for Dill to become a rock star in our therapy program, her patiently waiting on the set for periods of time waiting to perform her scenes and then play her role proved to be beneficial in our program. Dill basically stepped off the trailer and right into lessons. One of Dill's first experiences at the NAC was with a visiting adult to the Ranch. Drew never thought that he could experience riding since he had partial quadriplegia. With Dill's draft pony build and the determination of Drew, riding horseback proved to be a reality for him.

Rebekka Dill has become one of the foundation horses for our program, not only does she provide Hippotherapy lessons, she also is the work horse for our Therapy Riding Program. She consistently goes out and does her job and enjoys the students and especially the treats she gets at the end of her lessons.

Thank you to the Burton family and its foundation for purchasing and sponsoring Dill for our program.
