Biography:

Sage made his way from Missouri to the National Ability Center through the recommendation of a participant's family. Sage's arrival was eagerly awaited and when he finally made it here, he did not disappoint. His classy looks and sweet temperament made him a fast favorite. It did not take him long to prove that he was perfect for this type of work. Sage is willing to do anything that is asked of him and is always conscious of the safety and happiness of his riders.

Sage quickly went into lessons, and everyone who rode him loved him right away. His smooth gait is perfect for our riders who are trying to gain confidence trotting. We are very excited to watch Sage change lives and help many of our riders achieve their dreams.
