**Donated by:  
Carolee Jacobson & Family**

**Sponsored by:  
Shane Pathman  
Bronze Sponsor  
Marylin Brezovec  
Wish List Sponsor**

## **Biography:**

Tod is a young horse that was donated by Carolee Jacobson in July of 2007. Since the time he got here, Tod has been laid back and tolerant of everything we could possibly do to him. Before he came to the National Ability Center, he had been purchased for kids to do speed events on, but Tod was just too slow and lazy, so we were lucky enough to get him. Tod's very thin build makes it possible for participants with limited leg motion to ride comfortably. Nicknamed the "Nuzzler", Tod loves to be involved in everything you are doing and he is the first one to come over and greet you in the pasture. He is the perfect combination of young and healthy, yet has the maturity and temperament of a much older experienced horse.
