**Donated by:
Alan Agle**

**Sponsored by:
Brendan Bracken O'Brien
2009 Platinum Sponsorship**

Biography:

Tulip is a Welsh Arabian pony born in 1995 and donated to the National Ability Center in 2001 by Alan Agle. So far, Tulip is the longest working horse in the program. She has been with us since she was six years old and is still going strong. She has previous work as a show pony in the hunter-jumper world. Among the young girls Tulip is one of the most requested mounts, and with her sassy attitude, "Surfer Girl" looks, and feisty spirit of a true red head she is one of the favorite ponies. Tulip loves to work in any type of lesson from dressage to barrel racing, and she also has a "special" way of keeping her students in the correct riding position.

Tulip was once married to Shasta, another one of our star ponies, who passed away November of 2006.
